

Transforming Outpatient Behavioral Health Care: Leading the Way to a Patient-Focused System

Presented by the MassHealth Primary Care Clinician (PCC) Plan and
the Massachusetts Behavioral Health Partnership (MBHP)

A half-day continuing education event for behavioral health providers

Please join us for a morning of information and dialogue to explore innovative approaches for transforming outpatient behavioral health care to enhance patients' experience and access to care. Learn how organizations are implementing new models for delivering services and using technology, such as Telehealth, to increase access. The forum will feature presentations from Compass Health Network, a certified community behavioral health clinic in Missouri, and local organizations including Beth Israel Lahey Health Behavioral Services, Behavioral Health Network, Community Support Options, Advocates, and Stanley Street Treatment and Resources.
